FUN FAMILY DAY ON THE RANCH.

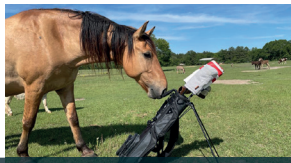

Golf On The Ranch is a wonderful way to spend a Saturday morning! **Great for families or as a fun get together with friends.** Open to all ages, abilities, and experience.

If you've never played golf, this is a very relaxed and fun way to be introduced to the game.

If you've played golf your whole life, this will be kind of like golf as it was invented. Think Scottish shepherds roaming the highlands hitting rocks with sticks.

If you've never been around horses, this is a great way to be introduced to **Wild Mustangs**. Spending time with our beautiful, curious, wonderful mustang herds is equally special for both novices and experts alike.

Fun guaranteed!
